

DANIEL LEV'S BAR MITZVAH PROJECT

THE IFAK FUND

IFAK Saves 13 lives in Arizona Shooting

On January 8th, 2011, deputies described the scene as 'silent chaos.' Six had been killed, including a 9 year old girl. **Thirteen people had survived because of the help of the IFAK.**

The IFAK (Improved First – Aid Kit) costs around \$100 and was designed by David Kleiman, a SWAT team medic who had become concerned about ongoing violence. Mr. Kleiman assembled simple items based on the first - aid kits from Iraq and Afghanistan.

Please help me raise money to help local, County and State Police, by purchasing items in the IFAK needed to complete and make their first aid kits better.

We have already purchased tourniquets and emergency blankets for the Creve Coeur Police with pledged funds from my Bar Mitzvah earnings, but they still need additional equipment.

I have pledged 10% of my Bar Mitzvah income for this project. I will appreciate any additional donation for this good cause.

IFAK consists of:

- ▲ 2 Tactical Defender Gloves
- ▲ 1 SOF Tactical Tourniquet
- ▲ 1 Primed Compressed Gauze
- ▲ 1 [Israeli Emergency Bandage](#), 4"
- ▲ 1 Nasopharyngeal Airway, 28Fr
- ▲ 1 Surgilube, 3gr
- ▲ 1 Tape, 2" x 10yd

Money can be donated at bnaiamoona.com.

Just click on **IFAK FUND** on the homepage and donate.

If you have questions or ideas for additional Fundraising, or if you would like to help us raise money, contact us at IFAKfund@gmail.com or DanielLevsBarmitzvah2011@gmail.com.
